

## Your X-air

1200 X-Airs are currently flying over the world, making the happiness of their owners. If yourself are one of these happy pilots, [contact us](#), to tell your experiment! We will publish your history in these line, in one of the next issues of X-AIR NEWS.

## Focus ... le tour de france ULM

This year again, the Tour de France ULM breaks the journey at our base of Frossay in Loire-Atlantique. **120 Ultra Light aircrafts** will stop off at the X-Air's fief on the **9th of august**. Le Tour takes place from the 4th to the 11th of August 2007. During this week: navigation, orientation and flight planification. Stages are about 250 to 400 kilometers. Point of departure and arrival is Nancy, in Eastern France. It is to note that the french federation has set up a big logistic organisation, for this event: 2 light planes, 2 helicopters, dozens of technical staff members, marshals, a doctor, a meteorologist, one tanker and lots of cars and vans.

## A new multiaxis for the Frossay pilots club

The Frossay's pilots club has just received its new multiaxis. The 70 members chose a ... X-Air ! This **X-Air F** come to help his brother Hanuman, operational for 3 years in the club. This new multiaxis is powered by a Jabiru 2200. Cloth is Mylar fabric. The Frossay hangar counts now 18 multiaxis (including 10 X-Airs) and 3 trikes. P. Martin, the instructor, will have a lot of work to let go the 70 pilots on the new X-Air F, that is to to say as many as the club members.

## Try the Hanuman !

We are currently doing our own Tour de France, with a brand new Hanuman. Nothing to do with the much debated Tour de France by cycle ;-). One of our pilot is crossing France with a X-Air Hanuman 912, Mylar cloth. This operation is planned to let the pilots of every part of the country to try the multiaxis. *(this operation is only for France for the moment)*

## News

## Motorcycle event on our airfield of Frossay

The third solidarity day organised by the motorcyclists association of Frossay took place on the 5th of august, on our airfield. The money collected was given to a handicapped association by "les Tortues du compte-tours" (the Speedometer Turtles), the organizers. For this event: exhibitors, shows, stunt, side-car and of course ultra light flights.
